

MOUNT ONSITE TRAINING

www.MountOnSiteTraining.com - 410-984-0255

Welcome to Your Commercial Training eBook

PH - 410-549-2668 -Cell -410-984-0255

Thank You for Choosing to Train With Us!

In this eBook you will find important information about your upcoming training session(s). As well as what to expect when you are here. It is our desire to meet you where you are and to advance you to where you would like to go. Our goal is to help elevate you and the garage door industry to a higher standard through hands on training, education and certification.

**More information at the end of this
book about IDEA Certifications.**

***Our training center is located behind our classroom/
showroom and is fully equipped to help you with your door
and opener trainings. Please enter and park on the first
paved driveway (not street). Our training center door is
marked.***

What to expect -

We will start off our training with a power point presentation to go over what you will be doing with the material. The rest of the day will be **hands on!** We will have a break for lunch as well. Depending on the training you are taking, you can expect to tear down and reinstall several different types of doors and openers. For the opener training, you will install and also troubleshoot problems with the motor. You will also do wiring associated with the motors.

What to bring -

The most important thing to bring is steel toe boots. You may also want to bring a water bottle, a note pad and a pen.

What Will be Covered

We will be using Lift-Master, Genie, Power Master, Clopay, CHI, Cornell and Asta America Products.

Commercial Sectional

- Follow the Roof Slope
- Vertical Lift
- High Lift
- Safety Bottom Brackets
